Attention Mr. Robinson Esq.

Gentlemen:

I have a pleasure to enclose for American Numismatic Society a translation of an article about so called Ruble of Constantine Pavlovich dated 1825, which is one of most rare of all Russians XIX century Rubles.
This article was printed in a Russian Daily "Posladnia Novosty" edited in Paris France in Jan 1934.
I will be glad if you will found it interesting.

Very truly yours

V. Valexow.

Dear Sir:

Thank you very much for your interesting letter about the Constantine ruble. Such a detailed description of this coin I had never read before. We appreciate your trouble.

Sincerely yours,
